RATING RATIONALE

WCRCL has reaffirmed and assigned ‘**BBB**’ (pronounced as Triple B) rating for the Long Term and **ST 3** (pronounced as Short Term Three) rating for Short Term to **Western Building and Construction Products Limited** (hereinafter referred to as ‘WB&CPL’ or ‘the company’) based on its financial and other relevant qualitative and quantitative information up-to the date of the rating declaration. WCRCL has also reaffirmed “**blr ST 3**” (pronounced as Bank Loan Rating Short Term Three) to the short term limit.

The above ratings have been assigned based on the fundamentals of the company which include; experienced and proactive management, strong group support– “Western Group”, availability of the supply of raw materials, and owned factory premises and good infrastructural arrangement. However, the above factors are constrained by average disclosure in the financial statement, volatile construction raw material price, moderate levered in the capital structure, stressed liquidity position with low quick ratio and long cash conversion cycle, and no insurance coverage.

The long term rating implies that the entity is average credit quality. The short term rating implies that the entity has a average ability to meet short term financial commitments.

WCRCL also viewed the company with “Stable” outlook and believes that WB&CPL will be able to maintain its good fundamentals in the foreseeable future. This rating may be revised in case of any extraordinary changes in line with the sponsor’s equity investment, debt obligations, management, business operations and/or changes in any macro and micro factors in the economy.
