RATING RATIONALE

WCRCL has reaffirmed 'WCRSME3' (pronounced as WASO Credit Rating Small and Medium Enterprise **Three**) rating under the SME Rating to **Seba Engineering Works** (hereinafter referred as "SEW" or "The Enterprise") based on its financial and other relevant qualitative and quantitative information up-to the date of the rating issuance.

The above rating has been assigned based on the fundamentals of the enterprise which includes:

- Experienced and skilled management
- Good profitability margin
- Good mortgage security coverage against loan
- Regular loan repayment history
- Low levered capital structure
- Satisfactory banking relationship

However, the above rating has been moderated to some extent due to some factors like:

- Low disclosure of financial statements
- Tight liquidity position with long cash conversion cycle
- Low management information system (MIS) and Manual accounting system

The SME rating implies that the enterprise is adjudged to above average credit quality in relation to other small and medium enterprises.

WCRCL also viewed the enterprise with "Stable" outlook and believes that SEW will be able to maintain its good fundamentals in the foreseeable future. This rating may be revised in case of any extraordinary changes in line with the sponsor's equity investment, debt obligations, management, business operations and/or changes in any macro and micro factors in the economy.
